

ASLAN

CONSTRUCTION
& DEVELOPMENT LTD.

INTRODUCTION

Hi,

I'm Barry Eighteen, Founder and Managing Director of Aslan Construction & Development Ltd.

Since starting the business in 2010, I've made it my mission to build a team of construction experts with the skills and passion to help our customers achieve their dream property.

Our team are experienced in a wide range of luxury projects, including new builds, renovations, refurbishments, heritage restorations, and industrial and agricultural construction. Whatever the project, our goal is to guide you through the entire process, from initial plans and blueprints to the finished build.

We also specialise in structural alterations and can provide interior design and décor advice, plus post-project support to ensure everything is just right.

Keep reading to find out more about what we do at Aslan Construction & Development Ltd.

If you're interested in working with us, don't hesitate to get in touch.

COMMITTED TO SUSTAINABILITY

Balancing quality building techniques with time-conscious planning means we don't waste your time or your space. Creating a new building is not a quick job, but we make sure to have minimal impact on your work and the surrounding environment.

NEW BUILDS

Our team are specialists in new build construction. We can guide you every step of the way, from blueprint to build, working together with our trusted partners to ensure our final product is your dream home.

The Aslan Construction and Development team has combined decades of experience in helping new build projects come to life. We have the skills and expertise to support you through every stage of design and build process. And we don't just stop at the build.

Our team works with the best partners to make sure utilities are installed and final touches are made to the interior of your home, so that every factor of the build is complete.

“

We would like to highly recommend Aslan. They have built us a beautiful new home which we are thrilled with.

They build to a very high standard and are a lovely trustworthy company to deal with. We found Barry and his team easy to work with, very efficient, and always upbeat. They are good at finding positive solutions!

– John and Vicky Clokey

”

RENOVATIONS & REFURBISHMENTS

Whether it's to modernise an older building or refresh a modern site, the Aslan Construction team has transformed a wide range of properties into stunning new spaces.

We work closely with you from the ideas stage right through to completion, making sure that your vision for the property is realised.

Our team uses only the highest quality materials, so we can guarantee quality and luxury at every turn.

Aslan Construction & Development Ltd have completed 2 contracts for us over the last 10 years both of them being family homes requiring extensive refurbishment and reconstruction work on a large scale, we were extremely pleased with both finished projects and would be happy to work with them again.

- Adam & Diana Williams

HERITAGE RESTORATIONS

At Aslan Construction, our team is always proud to bring heritage properties back to their former glory.

We realise the importance of each heritage project being treated differently. Whether it's to match the history of its surrounding town or county or ensure key features of the original build are retained, we can take your ideas and requirements into account and leave you with a restored building you can be proud of.

The Aslan construction team work alongside reliable long-term partners to ensure every aspect of the build is executed to the highest quality.

Our professionals has worked on a range of magnificent heritage sites, including Grade II listed buildings.

“

Asking you to compress a one-year contract into nine months in time for our daughter's wedding was a tough ask but you rose to the occasion and the extension of a new very large kitchen and orangery was completed on time and to a very high standard.

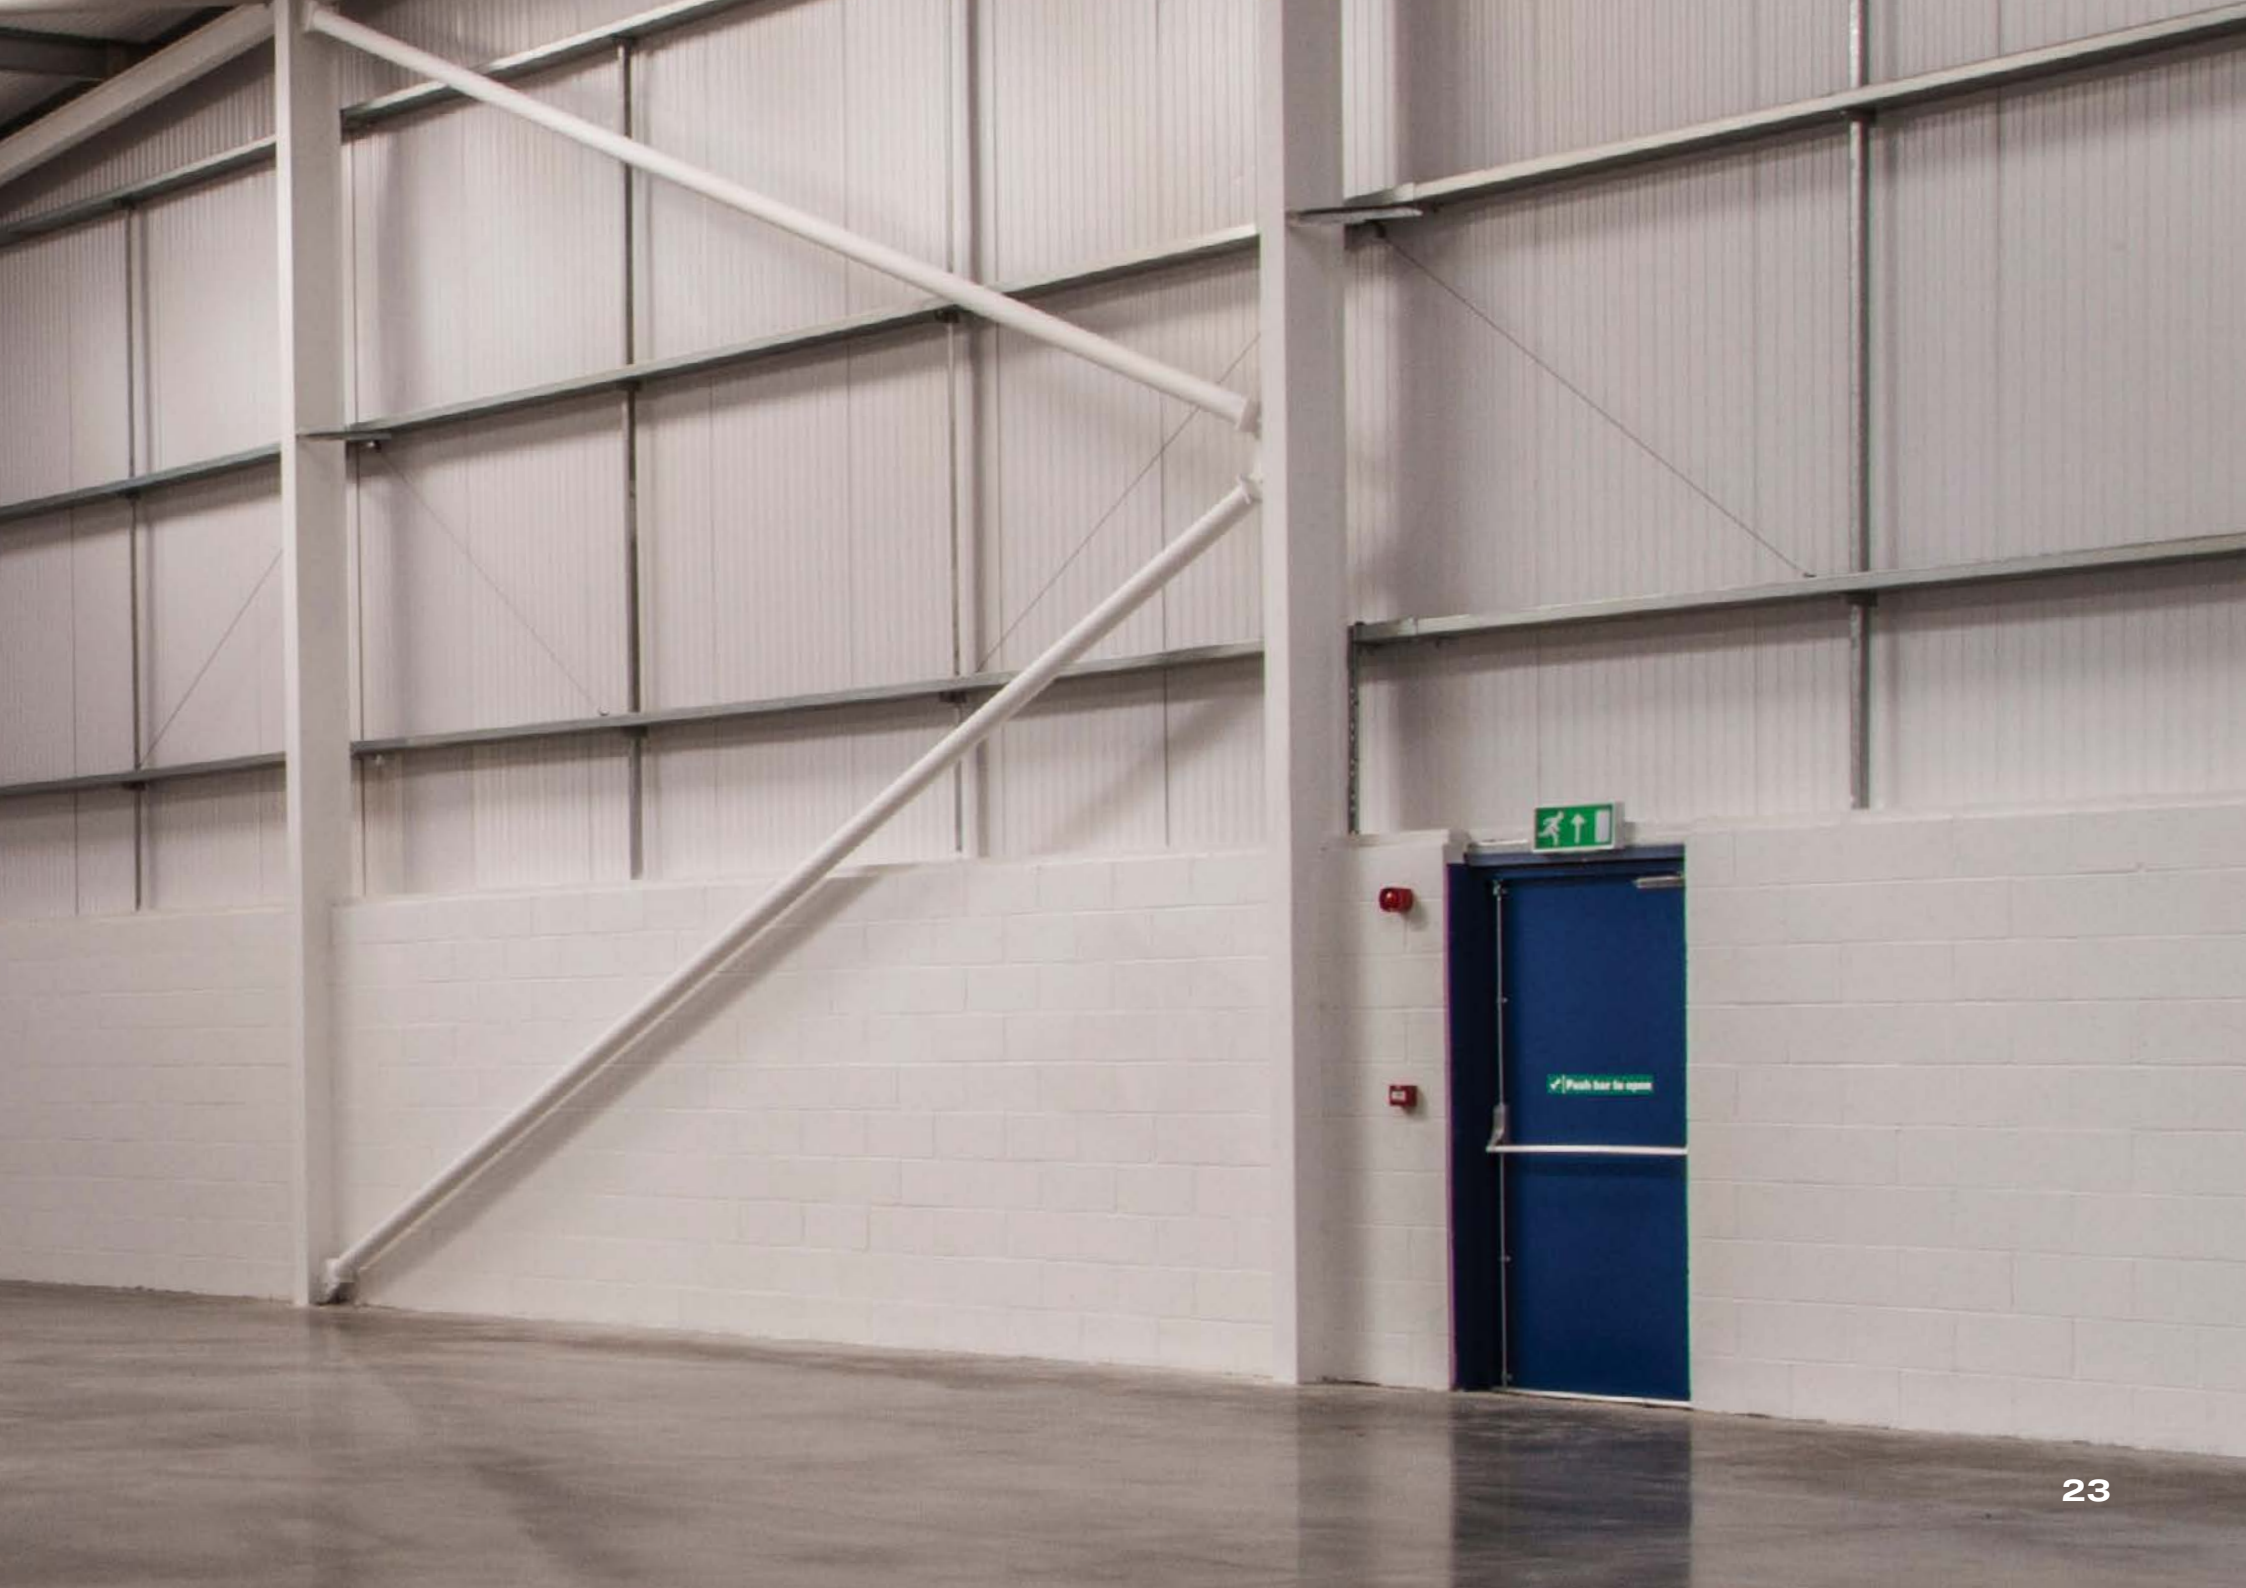

– John Ray

”

INDUSTRIAL CONSTRUCTION

The image shows the interior of a large industrial building under construction. The space is vast, with a high ceiling supported by a network of white steel beams and trusses. The walls are made of light-colored, corrugated metal panels. On the left, a large, closed roll-up door is visible. In the center, there is a small, white, rectangular structure with an open doorway, revealing some equipment inside. To the right of this structure, there is another white door. The floor is a smooth, polished concrete that reflects the overhead lights. A single bright light fixture is visible on the wall, creating a starburst effect. The overall atmosphere is one of a modern, industrial environment.

Our team at Aslan Construction understands that building a practical development means making sure you have the best team to execute your goals.

We have the knowledge and expertise to design and build your next industrial project, right from planning to completion.

We only use the very best materials and work with trusted partners to ensure your project goes off without a hitch and completely serves its purpose.

“

Throughout the process I have found Barry and his wider team to be extremely professional and helpful.

Barry works hard to work to budgets and encourages open discussions on how to reduce costs where possible while achieving the desired finish. His attention to detail is excellent and the finished result of the properties have been exactly as we hoped.

- Tony Lewis, Property Director for Brakspear

”

AGRICULTURAL CONSTRUCTION

We recognise that modern agricultural construction projects need to be functional, visually pleasing and environmentally conscious.

Whether it's a barn, stable or outbuilding, we make sure that your farm has a functional building that serves its purpose and then some.

Our construction team do everything they can to ensure the surrounding area isn't affected by the build.

“

We would like to thank you for the super job Aslan have done. The professionalism of you and your team were exemplary and greatly appreciated and we would have no hesitation to recommend Aslan to anyone.

– Mr and Mrs Ray

”

TRANSFORM YOUR SPACE

BESPOKE DESIGN & PLANNING

We treat every project with the uniqueness it requires and deserves, working with you from the very start to make sure you get exactly what you want from your project.

HIGH-QUALITY MATERIALS

Luxury means making sure everything is high quality. We know our team has the best skills and we make sure to use the very best materials for your project.

PROJECT MANAGEMENT & CONSTRUCTION

We aren't just a team of expert craftspeople – we're experts in every aspect of execution on your construction projects. You can trust our team to help you realise your dream build.

RELIABLE UTILITIES

Our team partners with the very best tradespeople to make sure you get the most efficient and reliable utilities available.

CONSIDERING EVERY DETAIL

We don't just do the build – we go the extra mile. That means considering every single detail from construction all the way to the finishing touches.

LANDSCAPING & FINISHING

The Aslan team ensures the environment surrounding your property is just as beautiful as the build itself.

LOCATIONS WE COVER

Aslan Construction & Development is based in Henley-on-Thames, Oxfordshire.

We're proud to support our local area, taking on projects across Oxford, wider Oxfordshire and surrounding counties and areas, such as Berkshire, Buckinghamshire and London.

GET IN TOUCH

Wherever you are in your project, even if you're just at the ideas stage, we'd love to have a chat to see if we can give you any guidance.
